ANYWHERE SATELLITE TV

The VuQube Model VQ4000 Portable Marine Satellite TV Antenna is the most versatile and cost-effective marine stabilized TV antenna available. The ultra-portable design provides the most reliable satellite TV reception for your boat while offering the flexibility to take your favorite programs with you camping, tailgating or to a backyard barbeque – something you can't do with any other marine antenna. In this day and age you don't have to choose between watching the big game and enjoying the outdoors. The VuQube let's you take your entertainment wherever life takes you!
